Our name is GenTrust, LLC (“Adviser”, “GenTrust”, “we”, “us”, “our”). We are registered with the U.S. Securities and Exchange Commission (“SEC”) as an investment adviser. The services offered and fees charged by an investment adviser differ from those of broker-dealers and it is important that you understand the differences. Free and simple tools are available to research investment adviser firms, broker-dealers, and their financial professionals at [www.Investor.gov/CRS](http://www.Investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

- (iii) ***Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.*** We offer services on a fee basis, which may include fixed fees as well as fees based upon assets under management and/or the performance of a client's portfolio. Please make sure you understand what fees and costs you are paying and see the more detailed disclosure on our fees and costs in Item 5 of our Form ADV Part 2A, which is available through the Brochure Link.

(iv) ***Conversation Starters:***

- **Help me understand how these fees and costs might affect my investments.**
- **If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**B. What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

- (i) *When we act as your investment adviser*, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means.
- (ii) ***Examples of Ways We Make Money and Conflicts of Interest:*** GenTrust has an affiliation with Catenary Alternative Asset Management, LLC ("CAAM"), a registered investment adviser to private funds and managed accounts. CAAM shares office space, management, supervisory and administrative personnel as well as portfolio managers. Although GenTrust does not receive compensation from CAAM for recommending that clients invest in CAAM's private funds or managed accounts, this poses a conflict for GenTrust because certain owners of GenTrust are also owners of CAAM, and therefore, they receive economic benefit from fees charged by CAAM to a GenTrust investor.

One of GenTrust's Supervised Persons providing investment advice on behalf of our firm is licensed as an insurance broker and may earn commission-based compensation for selling insurance products, including insurance products sold to GenTrust clients. A portion of the commissions earned by this insurance broker is paid to GenTrust. To mitigate this conflict, we endeavor at all times to place our clients' interests first when making recommendations regarding insurance and investments and each client who desires to purchase a commission-generating insurance product is provided an insurance disclosure statement and must acknowledge such receipt. Additionally, we assign you a dedicated Financial Advisor who is responsible for ensuring that your investment goals are being executed and re-evaluated periodically.

(iii) ***Conversation Starters:***

- **How might your conflicts of interest affect me, and how will you address them?**

**C. How do your financial professionals make money?** Our financial professionals have various compensation packages including: (1) base salary and bonuses based on a percentage of fee revenue for accounts they service, (2) a minimum base salary to cover health benefits and payroll costs, in addition to bonuses based on percentage of fee revenue for the accounts they service, and (3) no salary or payroll, but solely a percentage of fee revenue from the clients they service. This payment structure may pose a conflict of interest; however, we mitigate this potential conflict by ensuring that our financial professionals put all of our clients' interests ahead of their own. Your Financial Advisor is responsible for ensuring that your investment goals are being executed and re-evaluated periodically.

**4. Disciplinary History**

**A. Do you or your financial professionals have legal or disciplinary history?** No, neither GenTrust nor any of our financial professionals has a legal or disciplinary history.
